

MACK

MACK ANTHEM™ SLEEPER INTERIOR

HOME AWAY FROM HOME.

Regional runs or coast-to-coast hauls, your team can handle it all in the sleeper cab of the Mack Anthem. Built around the way work gets done on the road and with 35% more space, Anthem keeps drivers well-rested, comfortable and ready for even the toughest jobs.

MackTrucks.com/Anthem

BORN READY.

MACK ANTHEM™ SLEEPER INTERIOR

FLEXIBLE AMENITIES

Opt for a spacious, stainless steel refrigerator or choose from prep kits—including power outlets—for a refrigerator, microwave or flat-screen TV. Add cup holders with integrated storage above the bottom bunk for easy access to everything.

CONVENIENT CONTROLS AND LIGHTING

Access power outlets, USB ports and controls for the stereo, interior lights and HVAC from one convenient panel. Long-lasting LEDs power the dimmable perimeter lights, bunk task light, reading lights and overhead cab lights.

ALL-PURPOSE STORAGE AND WORK SPACES

Cabinets, work surfaces and shelving keep Anthem organized and functional. The passenger side features microwave, TV and refrigerator areas or cabinets. Bunk storage includes back wall cup holders and bins and lighted under-bunk storage. The driver side wardrobe cabinet features a hanger bar, mirror, magazine slots and lower storage.

CUSTOMIZE YOUR ANTHEM.

Single Bunk with lower storage

Single Bunk with full storage

Double Bunk with full storage

Additional storage options available; contact your Mack dealer for more information.
